FEATURING

THE TIDES OF TRADITION HAVE SHIFTED – no longer must we hold business meetings in a conference room or celebrate milestones at a restaurant. Designed to be unique and memorable, Perch Putt is centered around creating an experience, complete with rooftop miniature golf, good food and libations, and an atmosphere that feels truly special.

Plus, many of today’s most successful corporate events are decidedly un-corporate. The more unconventional, the more they inspire attendees to loosen up a bit, connect on a different level and build stronger relationships.

Yes, **THIS IS MINI GOLF.**

BUT AFTER ONE VISIT YOU’LL UNDERSTAND THAT PERCH PUTT DELIVERS MUCH MORE THAN GOLF.

- Floating eleven stories above street level, your guests will be impressed by the dramatic views of Tysons and beyond, as well as a lively atmosphere and altogether incomparable setting.
- Hungry? Saunter over to the food “trucks,” aka the double decker and retro Greyhound bus for some seasonal fare.
- Thirsty? Nothing Rhum Roost can’t fix. Shimmy up to this tropical oasis for hand-crafted cocktails and prepare to be wowed by these inventive creations from Northern Virginia’s only Tiki bar.
- Ample seating allows for over 150 patrons to comfortably dine.
- And, sheer fun. The details of Perch Putt are designed to deliver not just a golf game, but an experience. It all comes together to create the ideal venue for memorable occasions, be it a party of two or two hundred.

THE PERCH ALSO FEATURES
