

JW Marriott Denver Cherry Creek

The JW Marriott Denver Cherry Creek (marriott.com) recently debuted 2,400 square feet of space, with seven layout offerings to accommodate groups ranging from 20 to 275. The Fireside option is primed for meetings and receptions with its retractable glass doors that offer an abundance of natural light outside of the typical ballroom space. Additionally, the new onsite Toro Latin Kitchen & Lounge from renowned chef, global restaurateur, and cookbook author Richard Sandoval offers 6,700 square feet for a capacity of 270 guests, with both indoor and outdoor layouts, along with a private dining room that seats as many as 50. The restaurant, which serves Central and South American cuisine with tequila lockers for access to high-end bottle stashes on reserve, is available for social celebrations, private events, working lunches, and more. —Tracy Block
